Take a peek at . .

Cashiers collect money from customers in stores and give them change. They operate cash registers. They count money at the end of the day. They sometimes help as sales clerks too, stocking shelves or helping customers find things.

Pretend you are a cashier in a candy store. Help a customer figure out how to use coins to pay for candy.

$$10¢ + 2¢ = 12¢$$

$$10¢ + 4¢ = 14¢$$

$$25¢ + 10¢ + 2¢ = 37¢$$

what you can become!
